### BACKGROUND:

Mr. Kimball is a Licensed Structural Engineer and an ICC Master Code Professional. He also maintains ICC certifications as a certified building official, combination plans examiner, combination commercial inspector, combination residential inspector, residential plans examiner and fire plans examiner/inspector. He received his Master's degree from Utah State University with an emphasis in structural engineering and serves on the board of the Beehive Chapter of ICC and actively participates in several other ICC Chapters. He provides plan review services to many jurisdictions throughout the western United States and is often asked to provide training to code officials, design professionals, and contractors regarding the construction requirements of the International Building Codes.
