### BACKGROUND:

Mr. Richards is a 4-way certified residential inspector. Prior to performing code inspections his background was focused mainly on the political aspect of the building industry. He has an excellent understanding of the role governmental jurisdictions play within the industry. He received a Master Degree in Public Administration from Southern Utah University and has worked for multiple cities within the planning and developing departments. He has served on the planning and zoning committee as well as the economic development committee for multiple municipalities. His studies and experience has given him a broad working knowledge of many facets of the field including government organization and administration, Auto-Cad, GIS, takeoff software, and residential plan review.
